

Friends and the paralyzed man.

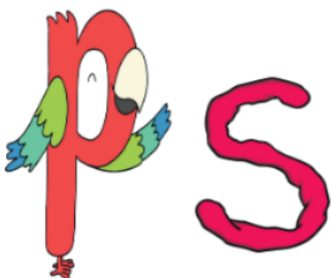

For today's activities we are going to think about what makes a good friend, be creative, imaginative and messy - if you are allowed.

Please Remember - always ask the adults permission to use paint, scissors, glue etc.

Potato Head Friend

Cut out and stick onto a potato some of the pictures below, to create a potato head friend. If you don't have a potato, use the picture of a potato.

- It would be great if you could send copies of your artwork to Robbie or Laura, so that it can be shared with the congregation.
